To Whom It May Concern:

It is with great pleasure that I recommend Safiyah Young for employment. Miss Young has served our company, Sweet T Picnics LLC, with incredible passion and a professional attitude.

Ms. Young joined our team in May of 2023 as part of our Summer Internship Program. During her internship with us, she greatly enhanced our relationships with current vendors, and even formed new relationships with potential vendors for Sweet T Picnics.

She also contributed to keeping our social media presence alive and at the top of our niche. If you were to look at our website today, many of the branding updates, and blog posts, are largely in part of Safiyah Young's contributions to our online development and rebranding efforts. Ms. Young never waived when a project was given to her, and always approached challenges with a "can-do" attitude.

Not only this, but Ms. Young also shared her creativity with our micro-event planning themes. She was innovative and constantly shared her new ideas, and was always willing to lend a helping hand wherever needed. "Team player," is a term that comes to mind when describing Safiyah Young.

I know she is destined for incredible things in her future career path, and any organization would be so lucky to have Ms. Young as part of their team.

Kindly,

A handwritten signature in black ink, appearing to read "Marcie R. Trivette", with a large, looping flourish at the end.
